INT. VENDING MACHINE AREA - DAY

AARAV, 24, male, walks toward the vending machine area. He looks at the snack choices. He leans forward, squinting his eyes, to look at the selection closely.

RONIT, 24, male, walks into the vending machine room.

RONIT
How was your date with Camille?

Aarav still stares at the chips.

AARAV
I blew it!

Aarav straightens up and presses a number for some chips.

AARAV (CONT'D)
She wanted to see a horror movie.

RONIT
You don't do horror.

We see the chips fall down into the retrieval bin.

AARAV
Correct. So I suggested
Oppenheimer.

Aarav grabs his chips out of the bin and steps back from the vending machine.

RONIT
Great movie. What'd you think?

Ronit walks towards the vending machine to pay.

AARAV
I don't know! I missed everything
but the bomb going off. Camille
doesn't speak English and kept
interrupting me to translate! So I
shushed her!

RONIT
You shushed her?!

AARAV
I shushed her.

Aarav chomps down on a chip.
